FCSS develops programs and offers services that promote and enhance well being among individuals, families and communities.

Programs may be run directly by FCSS, or through grants offered to community groups and organizations. FCSS invites applications from groups requiring funding to offer preventive social programs in Ryley, Tofield or Beaver County.

FCSS uses a “people helping people to help themselves” approach.

Services include:

- Individual, family and marital counseling
- Information and referral services
- Parent, child development activities
- Family life education
- Youth outreach
- Volunteer support

FCSS is a helping hand in the community, with the ability to link people in need with appropriate resources. Please call the FCSS office at **780-662-7067** or **780- 663-2011** if you or someone you know could use a helping hand.
